1 Definitions

1.1 'Safeguarding' is defined in Keeping Children Safe in Education (2018) as;

- protecting children from maltreatment;
- preventing impairment of children's health or development;
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and
- taking action to enable all children to have the best outcomes.

1.2 'Child Protection' is the intervention that occurs when children have been significantly harmed or are at risk of significant harm.

1.3 'Child' refers to everyone under the age of 18.

1.4 'Parent' refers to birth parents and other adults in a parenting role for example adoptive parents, step parents and foster carers.

1.5 'Staff' or 'members of staff' refers to all teaching, non-teaching, support, supply, peripatetic, contract staff, governors, volunteers and trustees working in or on behalf of St Augustine's Catholic Primary.

2 Introduction

2.1 We recognise that safeguarding and child protection is an essential part of our duty of care to all students and all staff have a responsibility to provide a safe environment in which children can learn. We understand that safeguarding, child protection and promoting the welfare of all children is everyone's responsibility and everyone has a role to play in protecting children. We recognise that our school is part of a wider safeguarding system for children and work closely with other agencies to promote the welfare of children. We maintain an attitude of 'it could happen here' and will consider the wishes of, and at all times, what is in the best interests of each child.

2.2 The purpose of this policy is to;

- Promote safeguarding and child protection and to demonstrate St Augustine's commitment to keeping children safe;
- Provide all members of staff with the information required to meet their safeguarding duty and protect children from harm;
- Provide stakeholders with clear information relating to St Augustine's safeguarding and child protection procedures;
- Ensure that staff understand, can recognise and can respond to the indicators of abuse;
- Ensure that all staff are aware of their mandatory reporting duty in relation to Section 5B of the Female Genital Mutilation Act 2003; and
- Ensure that children are protected from maltreatment or harm.

2.3 St Augustine's Catholic Primary is committed to the following principles;

- All children have the right to be protected from harm.
- Children should feel safe and secure and cannot learn unless they do so.

- All staff are responsible for keeping children safe and have a responsibility to act if they think a child is at risk of harm.
- Working with other agencies is essential to promote safeguarding and protect children from harm.
- Early help and providing support to families and/or children as soon as a problem emerges is essential to improving outcomes for children and families.

2.4 Safeguarding aims

2.4.1 The safeguarding aims of St Augustine's Catholic Primary, in line with Keeping Children Safe in Education (September 2018) are to;

4 Types of abuse

4.1 As outlined above, all staff will be trained in indicators of abuse and should be able to recognise signs of abuse. We recognise that abuse, neglect and safeguarding issues are complex and can rarely be covered by one label. Abuse can take many forms and can involve directly inflicting harm on a child, or failing to protect a child from harm. The four main types of abuse that staff are trained to recognise are;

- Physical abuse;
- Sexual abuse;
- Emotional abuse;
- Neglect.

4.2 Types of abuse (Taken from Working Together to Safeguard Children, 2018)

Type of abuse	Information
Abuse	A form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others (e.g. via the internet). They may be abused by an adult or adults, or another child or children.
Physical abuse	A form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning,

Type of abuse	Information
	suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.
Emotional abuse	The persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.
Sexual abuse	Involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue in education.
Child sexual exploitation (CSE)	CSE is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18

Type of abuse	Information
	into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology.
Neglect	The persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

4.3 Indicators of abuse can be found in Appendix B.

4.4 If a child is in immediate danger or at risk of harm, a referral will be made to children's social care (through the MASH) and any member of staff can make this referral. A Designated or Deputy Designated Safeguarding Lead should be available at all times, but in exceptional circumstances the member of staff should speak to a member of the Senior Leadership Team or seek advice directly from social care and then take appropriate action. The Designated Safeguarding Lead should be made aware as soon as possible.

4.5 Staff, parents and the wider community should report any concerns that they have about the welfare of children, however minor or seemingly insignificant. Staff should not assume that someone else will report concerns.

4.6 The school recognises that any child can be the victim of abuse and may benefit from early help. However, the school will be particularly vigilant to potential need for early help if a child;

- Is disabled and have specific additional needs;
- has special educational needs (whether or not they have a statutory education, health and care plan);
- is a young carer;
- is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups;

- is frequently missing/goes missing from care or from home;
- is misusing drugs or alcohol themselves;
- Is at risk of modern slavery, trafficking or exploitation;
- is in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health problems or domestic abuse;
- has returned home to their family from care;
- is showing early signs of abuse and/or neglect;
- is at risk of being radicalised or exploited;
- is a privately fostered child.[2]

4.7 St Augustine's recognises that abuse can take many different forms. Staff will also receive training on the following issues and action will be taken if St Augustine's believes that a child is at risk of or is the victim of;

- physical abuse;
- sexual abuse;
- child sexual exploitation;
- emotional abuse;
- neglect;
- bullying, including cyber- or online-bullying;
- criminal exploitation (including involvement in county lines);
- domestic abuse;
- fabricated or induced illness;
- faith-based abuse;
- female genital mutilation;
- forced marriage;
- gangs or youth violence;
- gender-based violence;
- hate;
- honour-based violence;
- radicalisation;
- relationship abuse;
- sexual violence or sexual harassment (including peer on peer abuse);
- sexting;
- trafficking and modern slavery.

4.8 St Augustine's will also take action to protect;

- Children missing education;
- Children missing from home or care.

4.9 There are other familial issues that can have a detrimental impact on children. We work with other agencies in line with Keeping Children Safe in Education (2018) to support children and families in the following circumstances;

- Children facing the court procedures and/or children in the court system;

---

[2] Taken from paragraph 18, Keeping Children Safe in Education (September 2018)

- Children with family members in prison;
- Children who are homeless.

4.10   St Augustine's have a duty to refer any children who are living in a private fostering arrangement to the local authority.

4.11   All schools are subject to a duty under section 26 of the Counter-Terrorism and Security Act 2015 in the exercise of their functions to have "due regard" to the need to prevent people from being drawn into terrorism. See Appendix B for further information on St Augustine's Prevent duty.

4.12   If any member of staff is unsure about signs of abuse or neglect, they should speak to the Designated Safeguarding Lead.

4.13   See Appendix B for further information and guidance on the above issues.[3]

5 Responding to signs of abuse

5.1 If a member of staff, parent or member of the public is concerned about a child's welfare, they should report it to the designated safeguarding lead as soon as possible. On occasions when the designated safeguarding lead is not available, it should be reported to the deputy safeguarding lead without delay. Although any member of staff can make a referral to Children's social care, where possible there should be a conversation with the Designated Safeguarding Lead.

5.2 If anyone other than the Designated Safeguarding Lead makes a referral to children's social care or to the police, they should inform the DSL as soon as possible.

5.2 All staff will be alert to indicators of abuse and will report any of the following to the Designated Safeguarding Lead immediately;

- Any concern or suspicion that a child has sustained an injury outside what is reasonably attributable to normal play;
- Any concerning behaviours exhibited by children that may indicated that they have been harmed or are at risk of harm, including unusual changes in mood or behaviour, concerning use of language and/or concerning drawings or stories.
- Any significant changes in attendance or punctuality;
- Any significant changes in a child's presentation;
- Any concerns relating to people who may pose a risk of harm to a child; and/or
- Any disclosures of abuse that children have made;

5.3 There will be occasions where a child discloses abuse directly to a member of staff. If this happens, the member of staff will;

- listen carefully to the child and believe what they are saying;

---

[3] Please note that definitions of physical, sexual, emotional abuse and neglect are contained in the main body of the policy. Further information about other safeguarding issues and indicators of abuse can be found in Appendix B.

- not promise confidentiality, as information may need to be passed on so the child and family can receive additional support;
- only ask for clarification if something is unclear and will not ask 'leading' questions;
- report disclosure to the designated safeguarding lead as soon as possible, certainly by the end of the day;
- only discuss the issue with colleagues that need to know about it; and
- will write up the disclosure and pass it to the designated safeguarding lead. It is likely they will have a discussion with the DSL prior to this.

5.4 The designated safeguarding lead will make a decision about the action that needs to be taken following a member of staff raising a concern about a child, or following a direct disclosure. The DSL may;

- Manage support for the child internally;
- Seek advice from the social worker advice line in the MASH;
- Instigate single agency intervention and work directly with the family to improve the situation;
- Offer an Early Help Assessment to provide multi-agency help to a family;
- In cases where children are deemed to be at significant risk of harm, the DSL will refer cases to the MASH for statutory intervention. Parental consent will be obtained wherever possible before referring cases to the MASH. However, if St Augustine's is worried that telling parents will mean the child is at greater risk of harm, we may do this without informing them.
- If parents do not consent to a referral but the school believes that a child is at significant risk of harm, a referral will still be made to children's social care.

5.5 For further information about the Coventry Safeguarding Children Board's 'Right Help, Right Time' guidance, which is used by St Augustine's to make decisions about protecting children, please visit http://www.coventry.gov.uk/righthelprighttime.

5.6 See page 16 for flowchart of actions that will be taken where there are concerns about a child (taken from Keeping Children Safe in Education, September 2018).

5.7 In cases where members of staff become aware that Female Genital Mutilation (FGM) has been carried out on a female below the age of 18, they have a mandatory duty to report this to the police without delay and will do so. Staff should refer this to the DSL, but the legislation requires regulated health and social care professionals and teachers in England and Wales to make a report to the police where, in the course of their professional duties, they either;

- are informed by a girl under 18 that an act of FGM has been carried out on her; or
- observe physical signs which appear to show that an act of FGM has been carried out on a girl under 18 and they have no reason to believe that the act was necessary for the girl's physical or mental health or for purposes connected with labour or birth.[4]

Peer on Peer Abuse

5.8 St Augustine's understands that both adults and other children can perpetrate abuse, and peer on peer abuse is taken very seriously. Peer on peer abuse can include bullying, cyber-bullying, physical abuse, sexting, sexual violence and/or harassment and initiation/hazing ceremonies. The school recognise that safeguarding issues can manifest as peer on peer abuse.

5.8.1 The school will ensure staff understand what is meant by peer on peer abuse and the school policy on peer on peer abuse by discussing it during safeguarding training.

5.8.2 The school will work to prevent peer on peer abuse through our weekly Mission assembly that always has a moral message regarding how we treat each other. We will also have anti bullying weeks and worry boxes available in every classroom.

5.8.3 In the event that an allegation of peer on peer abuse is made, St Augustine's will investigate this through a series of interviews with the alleged perpetrator, victim and any witnesses. Parents of both the alleged victim and perpetrator will be contacted. All findings will be recorded in writing and a suitable consequence agreed if the allegation is substantiated.

5.8.4 In the event that an allegation of peer on peer abuse is made, both victims and perpetrators will be supported by the Inclusion team. The nurture club will be available as a safe place whilst investigations are carried out and/or a member of staff will be assigned to the victim to check in with on a daily basis.

5.8.5 St Augustine's will never pass off peer on peer abuse as 'banter' or 'part of growing up'.

5.8.6 **St Augustine's** will adhere to guidance set out in Keeping Children Safe in Education (2018) and Sexual Violence and Sexual Harassment in Schools (May 2018) when responding to incidents of peer on peer abuse.

5.9 **Youth Produced Sexual Imagery ('sexting')**

5.9.1 'Sexting' refers to any sharing of youth-produced sexual imagery between children. This includes;

- A person under the age of 18 creating and sharing sexual imagery of themselves with a peer under the age of 18;
- A person under the age of 18 sharing sexual imagery created by another person under the age of 18 with a peer under the age of 18 or an adult;
- A person under the age of 18 being in possession of sexual imagery created by another person under the age of 18.

5.9.2 **St Augustine's** has a responsibility to educate children in the risks relating to 'sexting' and how to keep themselves safe online. (See online safety policy)

5.9.3 Any incidents or suspected incidents of 'sexting' should be reported to the DSL without delay.

5.9.4 Once reported to the DSL, the DSL will decide on the appropriate course of action. This could include;

- Confiscation of mobile phones in line with guidance 'Searching, Screening and Confiscation, January 2018);
- Referrals to the police and/or MASH;
- Sanctions in accordance with behaviour policy;
- Support for young people involved to prevent reoccurrence;

5.9.5 The school recognises that safeguarding incidents can be associated with factors outside the school and may take place outside of school. We will always consider contextual safeguarding factors when responding to safeguarding incidents.

5.9.6 Any incidents of 'sexting' involving the following will result in a MASH and/or Police referral;

- Adult involvement;
- Coercion or blackmail;
- Children under the age of 13;
- Extreme, or violent content;
- Immediate risk of harm.

5.9.7 Staff will not view images or videos on pupil devices. Confiscated devices will be stored securely and passed to the relevant agencies.

5.9.8 We will work with parents as necessary if their child is involved in 'sexting'.

5.9.9 We operate a culture of safeguarding and young people should feel confident to disclose if they have sent an inappropriate image of themselves. Children will always be supported to retrieve and delete the images.

5.10 **Searching, Screening and Confiscation**

5.10.1 Where necessary, searching, screening and confiscation will be used to safeguard a child/children in **St Augustine's.**

5.10.2 **St Augustine's** adheres to 'Searching, Screening and Confiscation: Advice for Schools (May 2018).

(2) Early help means providing support as soon as a problem emerges at any point in a child's life. Where a child would benefit from co-ordinated early help, an early help inter-agency assessment should be arranged. (3) Referrals should follow the local authority's referral process. Chapter one of Working together to safeguard children.

(4) Under the Children Act 1989, local authorities are required to provide services for children in need for the purposes of safeguarding and promoting their welfare. This can include section 17 assessments of children in need and section 47 assessments of children at risk of significant harm. Full details are in Chapter One of Working together to safeguard children.

(5) This could include applying for an Emergency Protection Order (EPO).

5.11 To raise concerns about children, members of staff should contact the Multi-Agency Safeguarding Hub (MASH) by telephone to discuss the referral. They should then complete the online Multi-Agency Referral Form (MARF) and submit this to the MASH. The school will follow up referrals if we do not receive feedback from social care.

MASH Telephone number: 02476 788 555

5.12 If a child's situation does not appear to be improving following a referral, the school may re-refer the child. We will also consider using the [LSCB's Escalation Policy](#). to ensure that our concerns have been addressed and that the situation improves for the child.

6 Record-keeping

6.1 A written record of all safeguarding and/or child protection concerns, discussions and decisions made will be kept in individual children's files. This will be separate from the main school file and will only be accessed by the relevant safeguarding staff.

6.2 St Augustine's keeps all safeguarding files in a locked filing cabinet with keys kept by the DSL.

6.3 Staff will submit all concerns in writing to the DSL at the earliest opportunity. This may be after having a verbal conversation, but conversations will also be followed up in writing.

6.4 In the event that a child moves school, the safeguarding file will be transferred to the new setting securely and separately from the main school file. Once received by the new school, this school will not retain the information.

8 Early Help

8.1 St Augustine's is committed to supporting families as soon as a possible problem arises. It is more effective to support a family through early help than reacting to a problem later. Everyone who comes into contact with children and their families and carers have a role to play in safeguarding children. St Augustine's works closely with

its neighbouring family hub, to work with families in the community to improve outcomes for children.

Our local Family Hub is Pathways Family Hub based at Radford Primary Academy Lawrence Road Coventry.

10.7 All safer recruitment practices at St Augustine's comply with Keeping Children Safe in Education (September 2018). See Part 3 of Keeping Children Safe in Education (September 2018) for further information.

10.8 See Safer Recruitment policy for further details.

11 Allegations of abuse against staff

11.1 St Augustine's Catholic Primary takes all allegations against staff seriously and will manage them in line with this policy, Part Four of Keeping Children Safe in Education (September 2018) and the LSCB Guidance, 'Managing Allegations against Staff and Persons in a Position of Trust'.

11.2 If a concern or allegation of abuse arises against the Headteacher, it must be reported to the Chair of Governors without delay.

11.3 If a concern or allegation of abuse arises against any member of staff other that the Headteacher, it must be reported to the Headteacher without delay.

11.4 Allegations of abuse against staff must be reported to the Headteacher or Chair of Governors as appropriate and not discussed directly with the person involved.

11.5 The Headteacher or Chair of Governors should consider if the allegation meets the threshold for Designated Officer intervention. The Local Authority designated officer is Angie Bishop and contact details can be found of the front of this policy.

11.6 Concerns relating to a position of trust issue will be referred to the Local Authority designated officer within 24 hours.

11.7 If a child has suffered abuse or harm, a MASH referral will also be made.

11.8 In the instances where an allegation is dealt with internally, the Local Authority designated officer will provide information and support to St Augustine's in managing the allegation.

11.9 A referral to the Disclosure and Barring Service will be made if a member of staff is dismissed or removed from their post as a result of safeguarding concerns, or would have been removed if they had not have resigned.

11.9 **Whistleblowing**

11.9.1 St Augustine's Catholic Primary operates a culture of safeguarding and all staff should report any concerns about poor or unsafe practice, or St Augustine's safeguarding processes to the senior leadership team.

11.9.2 The senior leadership team will take all concerns seriously.

11.9.3 In the event that a member of staff is unable to raise an issue with senior leadership in school, they should refer to Part 1 of Keeping Children Safe in Education for additional guidance on whistleblowing procedures.

12 Promoting safeguarding and welfare in the curriculum

12.1 St Augustine's recognises the importance of teaching children how to stay safe and look after their mental health and are committed to equipping children with the skills and knowledge to have successful and happy lives.

12.2 Children at St Augustine's will receive the following as part of our promotion of safeguarding across the curriculum:

Raising awareness assemblies

PSHE in our afternoon topic curriculum

Science lessons that talk about our body (support from the school nurses in Y5 and Y6)

RE lessons that focus on relationships

13 Children Looked After

13.1 The most common reason for children to be looked-after is because they have experienced abuse and/or neglect. St Augustine's recognises that children looked after may have additional vulnerabilities. The Designated Lead for Looked-After and Previously Looked-After Children is Helen Forrest the Headteacher.

13.2 Staff will receive training on how to best safeguard children who are Looked-After and Previously Looked-After.

13.3 The school will work with Personal Advisors when children leave care (where applicable).

13.4 St Augustine's Catholic Primary is committed to working with other agencies to ensure the best outcomes for Looked-After and Previously Looked-After children.

14 Children with Special Educational Needs

14.1 As outlined in Keeping Children Safe in Education (2018), St Augustine's is aware that children with additional needs or disabilities may be more vulnerable to abuse and additional barriers may exist when recognising abuse and neglect. This could be because;

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration;
- being more prone to peer group isolation than other children;
- the potential for children with SEN and disabilities being disproportionally impacted by behaviours such as bullying, without outwardly showing any signs; and
- communication barriers and difficulties in overcoming these barriers.[6]

4.2 Staff will be trained in recognising signs of abuse in children with SEN and disabilities.

4.3 Staff will take into account the needs of a child when responding to concerns of abuse or when taking a disclosure. We recognise that some children require specialist intervention to communicate and advice from the SENCO will be sought in these circumstances.

4.4 Safeguarding learning opportunities within the curriculum will be appropriately differentiated to ensure all children can access it.

15 Use of reasonable force

15.1 There may be occasions when staff are required to use reasonable force to safeguard children. We will not use any more force than is necessary.

Many teaching staff, Learning Mentors and teaching assistants, are Team Teach trained. Any incidents where team teach techniques have been used, are recorded in a specific team teach record book. Physical restraint is always used as a last resort and only when deemed necessary to make a child safe. This can be to move them to a space where they can be appropriately supervised. If Team teach is required it will only be carried out by staff with an up to date certificate.

16 Summary

16.1 The school is committed to safeguarding children and will always make safeguarding decisions that are in the best interests of each child. For further information or if you have any queries about this policy, please contact the school.

Appendix B – Further Safeguarding Information

Types of Abuse

For further information on the definitions of the types of abuse below, please refer to Keeping Children Safe in Education 2018, Annex A.

See below for policy information relating to other key safeguarding issues. All decisions taken in responding to concerns of abuse will be taken in the best interests of the child.

The school takes all forms of abuse seriously (including all in the list below) and will respond sensitively and quickly to any reported abuse. Children should report any issues to their class teacher, to the DSL, learning mentor or to any trusted member of staff and we will work to resolve it.

Abuse can take many forms and we have several policies that cover different aspects of abuse. Please see the Anti-Bullying Policy, the Behaviour Policy and paragraph 5.8 of this policy for further information.

Once a report of abuse has been made staff should immediately report this to the DSL

Children Missing Education

Schools must enter pupils on the admission register at the beginning of the first day on which the school has agreed, or been notified, that the pupil will attend the school. If a pupil fails to attend on the agreed or notified date, the school should undertake reasonable enquiries to establish the child's whereabouts and consider notifying the local authority at the earliest opportunity.

Schools must monitor pupils' attendance through their daily register. Schools should agree with their local authority the intervals at which they will inform local authorities of the details of pupils who fail to attend regularly, or have missed ten school days or more without permission[14]. Schools should monitor attendance closely and address poor or irregular attendance. It is important that pupils' poor attendance is referred to the local authority.

Where a pupil has not returned to school for ten days after an authorised absence[15] or is absent from school without authorisation for twenty consecutive school days, the pupil can be removed from the admission register when the school and the local authority have failed, after jointly making reasonable enquiries, to establish the whereabouts of the child. This only applies if the school does not have reasonable grounds to believe that the pupil is unable to attend because of sickness or unavoidable cause.

Schools must also arrange full-time education for excluded pupils from the sixth school day of a fixed period exclusion. This information can be found in the _Exclusion from maintained schools, academies and pupil referral units in England_ statutory guidance.

Maintained schools have a safeguarding duty in respect of their pupils, and a part of this should investigate any unexplained absences.

Recording information in the school's admission register

It is important that the school's admission register is accurate and kept up to date. Schools should regularly encourage parents to inform them of any changes whenever they occur, through using existing communication channels such as regular emails and newsletters. This will assist both the school and local authority when making enquiries to locate children missing education.

Where a parent notifies a school that a pupil will live at another address, all schools are required to record in the admission register:

a. t he full name of the parent with whom the pupil will live;
b. the new address ; and
c. the date from when it is expected the pupil will live at this address.

Where a parent of a pupil notifies the school that the pupil is registered at another school or will be attending a different school in future, schools must record in the admission register:

a. the name of the new school; and
b. the date when the pupil first attended or is due to start attending that school.

.

Children Missing from home or care

St Augustine's will adhere to the guidance as set out in the document below

Statutory guidance on children who run away or go missing from home or care

Private Fostering

The school have a duty to refer any children who are living in a private fostering arrangement to the local authority.

We will do this through a MASH referral. It is important that parents/carers inform us if a child is going to be staying at an alternative address to that of their primary care-givers for more than **28 days**.

Indicators of abuse

See below for possible indicators of abuse. (Taken from *What to do if you are worried a child is being abused*, 2015)
