**Subject Vocabulary Quiz**  
**KS1 Maths: Parts**

- Q1. Circle the word which means '*one of three equal parts*'.  
**fraction**                      **third**
- Q2. Tick the sentence that uses the word '**half**' correctly.
- Q3. Tick the word closest in meaning to '**division**':

<i>You can have one half of the apple.</i>	<i>I don't half any sweets left.</i>	<i>They had assembly in the school half.</i>
--	--------------------------------------	--

<b>adding</b>	<b>sharing</b>	<b>finding</b>
---------------	----------------	----------------

**Subject Vocabulary Quiz**  
**KS1 Maths: Parts**

- Q1. Circle the word which means '*one of three equal parts*'.  
**fraction**                      **third**
- Q2. Tick the sentence that uses the word '**half**' correctly.
- Q3. Tick the word closest in meaning to '**division**':

**Subject Vocabulary Quiz**  
**KS1 Maths: Parts**

Q1. Circle the word which means 'one of three equal parts'.

**fraction                      third**

Q2. Tick the sentence that uses the word 'half' correctly.

Q3. Tick the word closest in meaning to 'division':

<i>You can have one half of the apple.</i>	<i>I don't half any sweets left.</i>	<i>They had assembly in the school half.</i>
--	--------------------------------------	--

<b>adding</b>	<b>sharing</b>	<b>finding</b>
---------------	----------------	----------------

<i>You can have one half of the apple.</i>	<i>I don't half any sweets left.</i>	<i>They had assembly in the school half.</i>
--	--------------------------------------	--

**Subject Vocabulary Quiz**  
**KS1 Maths: Parts**

Q1. Circle the word which means 'one of three equal parts'.

**fraction                      third**

Q2. Tick the sentence that uses the word 'half' correctly.

Q3. Tick the word closest in meaning to 'division':

<b>adding</b>	<b>sharing</b>	<b>finding</b>
---------------	----------------	----------------

<i>You can have one half of the apple.</i>	<i>I don't half any sweets left.</i>	<i>They had assembly in the school half.</i>
--	--------------------------------------	--

<b>adding</b>	<b>sharing</b>	<b>finding</b>
---------------	----------------	----------------

**Subject Vocabulary Quiz**  
**KS1 Maths: Shapes**

- Q1. Circle the word which means 'a 2D shape that has three straight sides'.  
**triangle**                      **hexagon**
- Q2. Tick the sentence that uses the word 'edge' correctly.
- Q3. Tick the word closest in meaning to 'sphere':

<i>Would you like an edge sandwich?</i>	<i>A cube has 12 edges.</i>	<i>That was an edge thing to do.</i>
---	-----------------------------	--------------------------------------

<b>ball</b>	<b>circle</b>	<b>square</b>
-------------	---------------	---------------

**Subject Vocabulary Quiz**  
**KS1 Maths: Shapes**

- Q1. Circle the word which means 'a 2D shape that has three straight sides'.  
**triangle**                      **hexagon**
- Q2. Tick the sentence that uses the word 'edge' correctly.
- Q3. Tick the word closest in meaning to 'sphere':

**Subject Vocabulary Quiz**  
**KS1 Maths: Shapes**

Q1. Circle the word which means 'a 2D shape that has three straight sides'.

**triangle**                      **hexagon**

Q2. Tick the sentence that uses the word 'edge' correctly.

Q3. Tick the word closest in meaning to 'sphere':

<i>Would you like an edge sandwich?</i>	<i>A cube has 12 edges.</i>	<i>That was an edge thing to do.</i>
---	-----------------------------	--------------------------------------

<b>ball</b>	<b>circle</b>	<b>square</b>
-------------	---------------	---------------

<i>Would you like an edge sandwich?</i>	<i>A cube has 12 edges.</i>	<i>That was an edge thing to do.</i>
---	-----------------------------	--------------------------------------

### Subject Vocabulary Quiz

#### KS1 Maths: Shapes

Q1. Circle the word which means 'a 2D shape that has three straight sides'.

**triangle**                      **hexagon**

Q2. Tick the sentence that uses the word 'edge' correctly.

Q3. Tick the word closest in meaning to 'sphere':

<b>ball</b>		
-------------	--	--

	<b>circle</b>	<b>square</b>
--	---------------	---------------

<i>Would you like an edge sandwich?</i>	<i>A cube has 12 edges.</i>	<i>That was an edge thing to do.</i>
---	-----------------------------	--------------------------------------

<b>ball</b>	<b>circle</b>	<b>square</b>
-------------	---------------	---------------

**Subject Vocabulary Quiz**  
**KS1 Maths: Measures**

- Q1. Circle the word which means '*the horizontal distance from side to side*'.  
**width**                      **capacity**
- Q2. Tick the sentence that uses the word '**height**' correctly.
- Q3. Tick the word closest in meaning to '**rotation**':

<i>How height can you jump?</i>	<i>I height eating carrots.</i>	<i>He was nearly two metres in height.</i>
---------------------------------	---------------------------------	--

<b>relation</b>	<b>turn</b>	<b>reflection</b>
-----------------	-------------	-------------------

**Subject Vocabulary Quiz**  
**KS1 Maths: Measures**

- Q1. Circle the word which means '*the horizontal distance from side to side*'.  
**width**                      **capacity**
- Q2. Tick the sentence that uses the word '**height**' correctly.
- Q3. Tick the word closest in meaning to '**rotation**':

**Subject Vocabulary Quiz**  
**KS1 Maths: Measures**

Q1. Circle the word which means 'the horizontal distance from side to side'.

**width**                      **capacity**

Q2. Tick the sentence that uses the word 'height' correctly.

Q3. Tick the word closest in meaning to 'rotation':

<i>How high can you jump?</i>	<i>I height eating carrots.</i>	<i>He was nearly two metres in height.</i>
-------------------------------	---------------------------------	--

<b>relation</b>	<b>turn</b>	<b>reflection</b>
-----------------	-------------	-------------------

<i>How high can you jump?</i>	<i>I height eating carrots.</i>	<i>He was nearly two metres in height.</i>
-------------------------------	---------------------------------	--

### Subject Vocabulary Quiz

#### KS1 Maths: Measures

Q1. Circle the word which means 'the horizontal distance from side to side'.

**width**                      **capacity**

Q2. Tick the sentence that uses the word 'height' correctly.

Q3. Tick the word closest in meaning to 'rotation':

<b>relation</b>		
-----------------	--	--

	<b>turn</b>	<b>reflection</b>
--	-------------	-------------------

<i>How height can you jump?</i>	<i>I height eating carrots.</i>	<i>He was nearly two metres in height.</i>
---------------------------------	---------------------------------	--

<b>relation</b>	<b>turn</b>	<b>reflection</b>
-----------------	-------------	-------------------

**Subject Vocabulary Quiz  
Years 3 and 4 Maths: Fractions**

- Q1. Circle the word which means '*the top number in a fraction*'.  
**impropermixed** **numerator**
- Q2. Tick the sentence that uses the word '**equivalent**' correctly.
- Q3. Tick the word closest in meaning to '**denominator**':

<i>Can I have equivalent ice cream than her?</i>	<i>Two quarters is equivalent to one half.</i>	<i>How many equivalents are there in a minute?</i>
<b>divider</b>	<b>fraction</b>	<b>top</b>

**Subject Vocabulary Quiz  
Years 3 and 4 Maths: Fractions**

- Q1. Circle the word which means '*the top number in a fraction*'.  
**impropermixed** **numerator**
- Q2. Tick the sentence that uses the word '**equivalent**' correctly.
- Q3. Tick the word closest in meaning to '**denominator**':

**Subject Vocabulary Quiz**  
**Years 3 and 4 Maths: Fractions**

- Q1. Circle the word which means '*the top number in a fraction*'.  
**impropermixed** **numerator**
- Q2. Tick the sentence that uses the word '**equivalent**' correctly.
- Q3. Tick the word closest in meaning to '**denominator**':

<i>Can I have equivalent ice cream than her?</i>	<i>Two quarters is equivalent to one half.</i>	<i>How many equivalents are there in a minute?</i>
--	--	--

<b>divider</b>	<b>fraction</b>	<b>top</b>
----------------	-----------------	------------

<i>Can I have equivalent ice cream than her?</i>	<i>Two quarters is equivalent to one half.</i>	<i>How many equivalents are there in a minute?</i>
--	--	--

**Subject Vocabulary Quiz**  
**Years 3 and 4 Maths: Fractions**

- Q1. Circle the word which means '*the top number in a fraction*'.  
**impropermixed** **numerator**
- Q2. Tick the sentence that uses the word '**equivalent**' correctly.
- Q3. Tick the word closest in meaning to '**denominator**':

<b>divider</b>		
----------------	--	--

	<b>fraction</b>	<b>top</b>
--	-----------------	------------

<i>Can I have equivalent ice cream than her?</i>	<i>Two quarters is equivalent to one half.</i>	<i>How many equivalents are there in a minute?</i>
--	--	--

<b>divider</b>	<b>fraction</b>	<b>top</b>
----------------	-----------------	------------

**Subject Vocabulary Quiz**  
**Years 3 and 4 Maths: Shapes**

- Q1. Circle the word meaning '*a polygon that has seven straight sides*'.  
**octagon** **pentagon** **heptagon**
- Q2. Tick the sentence that uses the word '**hexagon**' correctly.
- Q3. Tick the word closest in meaning to '**irregular**':

<i>A cell in a beehive is shaped like a hexagon.</i>	<i>Hexagon is a country in North America.</i>	<i>You need to hexagon to stay healthy.</i>
--	---	---

<b>irreplaceable</b>	<b>unequal</b>	<b>unique</b>
----------------------	----------------	---------------

**Subject Vocabulary Quiz**  
**Years 3 and 4 Maths: Shapes**

- Q1. Circle the word meaning '*a polygon that has seven straight sides*'.  
**octagon** **pentagon** **heptagon**
- Q2. Tick the sentence that uses the word '**hexagon**' correctly.
- Q3. Tick the word closest in meaning to '**irregular**':

**Subject Vocabulary Quiz**  
**Years 3 and 4 Maths: Shapes**

Q1. Circle the word meaning 'a polygon that has seven straight sides'.

**octagon** **pentagon** **heptagon**

Q2. Tick the sentence that uses the word 'hexagon' correctly.

Q3. Tick the word closest in meaning to 'irregular':

<i>A cell in a beehive is shaped like a hexagon.</i>	<i>Hexagon is a country in North America.</i>	<i>You need to hexagon to stay healthy.</i>
--	---	---

<b>irreplaceable</b>	<b>unequal</b>	<b>unique</b>
----------------------	----------------	---------------

<i>A cell in a beehive is shaped like a hexagon.</i>	<i>Hexagon is a country in North America.</i>	<i>You need to hexagon to stay healthy.</i>
--	---	---

**Subject Vocabulary Quiz**  
**Years 3 and 4 Maths: Shapes**

Q1. Circle the word meaning 'a polygon that has seven straight sides'.

**octagon** **pentagon** **heptagon**

Q2. Tick the sentence that uses the word 'hexagon' correctly.

Q3. Tick the word closest in meaning to 'irregular':

<b>irreplaceable</b>		
----------------------	--	--

	<b>unequal</b>	<b>unique</b>
--	----------------	---------------

<i>A cell in a beehive is shaped like a hexagon.</i>	<i>Hexagon is a country in North America.</i>	<i>You need to hexagon to stay healthy.</i>
--	---	---

<b>irreplaceable</b>	<b>unequal</b>	<b>unique</b>
----------------------	----------------	---------------

### Subject Vocabulary Quiz

#### Years 3 and 4 Maths: Lines and Angles

Q1. Circle the word that describes 'two lines meeting at right angles'.

**obtuseparallel**

**perpendicular**

Q2. Tick the sentence that uses the word '**perimeter**' correctly.

Q3. Tick the word closest in meaning to '**acute**':

<i>Its tail was more than a perimeter long.</i>	<i>They measured the perimeter of the field.</i>	<i>A perimeter shell was lying on the beach.</i>
---	--	--

<b>sharp</b>	<b>account</b>	<b>joined</b>
--------------	----------------	---------------

### Subject Vocabulary Quiz

#### Years 3 and 4 Maths: Lines and Angles

Q1. Circle the word that describes 'two lines meeting at right angles'.

**obtuseparallel**

**perpendicular**

Q2. Tick the sentence that uses the word '**perimeter**' correctly.

Q3. Tick the word closest in meaning to '**acute**':

**Subject Vocabulary Quiz**  
**Years 3 and 4 Maths: Lines and Angles**

Q1. Circle the word that describes 'two lines meeting at right angles'.

**obtuse**parallel perpendicular

Q2. Tick the sentence that uses the word 'perimeter' correctly.

Q3. Tick the word closest in meaning to 'acute':

<i>Its tail was more than a perimeter long.</i>	<i>They measured the perimeter of the field.</i>	<i>A perimeter shell was lying on the beach.</i>
---	--	--

<b>sharp</b>	<b>account</b>	<b>joined</b>

--------------	----------------	---------------

**Subject Vocabulary Quiz**  
**Years 5 and 6 Maths: Number Properties**

- Q1. Circle the word which means 'a rough estimate of a quantity'.  
**approximation** average mean
- Q2. Tick the sentence that uses the word 'prime' correctly.
- Q3. Tick the word closest in meaning to 'proportion':

<i>Not all poetry has words that prime.</i>	<i>The drink was lemon and prime flavour.</i>	<i>Six is not a prime number but seven is.</i>
---	---	--

<b>potion</b>	<b>ratio</b>	<b>share</b>	<b>property</b>
---------------	--------------	--------------	-----------------

**Subject Vocabulary Quiz**  
**Years 5 and 6 Maths: Number Properties**

- Q1. Circle the word which means 'a rough estimate of a quantity'.  
**approximation** average mean
- Q2. Tick the sentence that uses the word 'prime' correctly.
- Q3. Tick the word closest in meaning to 'proportion':

**Subject Vocabulary Quiz**  
**Years 5 and 6 Maths: Number Properties**

Q1. Circle the word which means 'a rough estimate of a quantity'.

**approximation** average mean

Q2. Tick the sentence that uses the word 'prime' correctly.

Q3. Tick the word closest in meaning to 'proportion':

<i>Not all poetry has words that prime.</i>	<i>The drink was lemon and prime flavour.</i>	<i>Six is not a prime number but seven is.</i>
---	---	--

<b>potion</b>	<b>ratio</b>	<b>share</b>	<b>property</b>

**Subject Vocabulary Quiz**

**Years 5 and 6 Maths: Changing Shapes**

Q1. Circle the word which means 'a shape with four straight sides'.

**equilateral quadrilateral scalene**

Q2. Tick the sentence that uses the word 'congruent' correctly.

Q3. Tick the word closest in meaning to 'transformation':

**Subject Vocabulary Quiz**

**Years 5 and 6 Maths: Changing Shapes**

Q1. Circle the word which means 'a shape with four straight sides'.

**equilateral quadrilateral scalene**

Q2. Tick the sentence that uses the word 'congruent' correctly.

Q3. Tick the word closest in meaning to 'transformation':

<i>I drew two congruent hexagons.</i>	<i>They lined up and danced the congruent.</i>	<i>He heard his father congruent in his sleep.</i>
---------------------------------------	--	--

<b>transition</b>	<b>shift</b>	<b>creation</b>	<b>change</b>
-------------------	--------------	-----------------	---------------

**Subject Vocabulary Quiz**  
**Years 5 and 6 Maths: Changing Shapes**

Q1. Circle the word which means 'a shape with four straight sides'.

**equilateral quadrilaterals scalene**

Q2. Tick the sentence that uses the word 'congruent' correctly.

Q3. Tick the word closest in meaning to 'transformation':

<p><i>I drew two congruent hexagons.</i></p>	<p><i>They lined up and danced the congruent.</i></p>	<p><i>He heard his father congruent in his sleep.</i></p>
--	---	---

<p><b>transition</b></p>	<p><b>shift</b></p>	<p><b>creation</b></p>	<p><b>change</b></p>
--------------------------	---------------------	------------------------	----------------------

<p><i>I drew two congruent hexagons.</i></p>	<p><i>They lined up and danced the congruent.</i></p>	<p><i>He heard his father congruent in his sleep.</i></p>
--	---	---

**Subject Vocabulary Quiz**

**Years 5 and 6 Maths: Changing Shapes**

Q1. Circle the word which means 'a shape with four straight sides'.

**equilateral quadrilaterals scalene**

Q2. Tick the sentence that uses the word 'congruent' correctly.

Q3. Tick the word closest in meaning to 'transformation':

<p><b>transition</b></p>			
--------------------------	--	--	--

	<b>shift</b>	<b>creation</b>	<b>change</b>
--	--------------	-----------------	---------------

<i>I drew two congruent hexagons.</i>	<i>They lined up and danced the congruent.</i>	<i>He heard his father congruent in his sleep.</i>
---------------------------------------	--	--

<b>transition</b>	<b>shift</b>	<b>creation</b>	<b>change</b>
-------------------	--------------	-----------------	---------------

**Subject Vocabulary Quiz**

**Years 5 and 6 Maths: Scales and Measurements**

Q1. Circle the word which means 'ordered from smallest to largest'.

**systemnegative ascending**

Q2. Tick the sentence that uses the word 'temperature' correctly.

Q3. Tick the word closest in meaning to 'descending':

<i>The little boy had a temperature tantrum.</i>	<i>His high temperature showed he was poorly.</i>	<i>Temperature the water until it is boiling.</i>
--	---	---

<b>decreasing</b>	<b>sending</b>	<b>levelling</b>	<b>counting</b>
-------------------	----------------	------------------	-----------------

**Subject Vocabulary Quiz**

**Years 5 and 6 Maths: Scales and Measurements**

Q1. Circle the word which means 'ordered from smallest to largest'.

**systemnegativeascending**

Q2. Tick the sentence that uses the word 'temperature' correctly.

Q3. Tick the word closest in meaning to 'descending':

**Subject Vocabulary Quiz**

**Years 5 and 6 Maths: Scales and Measurements**

Q1. Circle the word which means 'ordered from smallest to largest'.  
**systemnegativeascending**

Q2. Tick the sentence that uses the word 'temperature' correctly.

Q3. Tick the word closest in meaning to 'descending':

<i>The little boy had a temperature tantrum.</i>	<i>His high temperature showed he was poorly.</i>	<i>Temperature the water until it is boiling.</i>
--	---	---

<b>decreasing</b>	<b>sending</b>	<b>levelling</b>	<b>counting</b>
